COFFEE CREEK SCHOOL BACK TO SCHOOL NIGHT

Coffee Creek School students and staff have been busy preparing for their Back to School Night, held on Thursday April 28. The primary grades, K through 3, decorated their class room designating separate areas to represent the Ocean, Jungle, and Desert. They also displayed their gardens containing potato plants that were producing potato babies, rice, worms, and herbs. A display and presentation to show how bread is made was meticulously put together as the was the display and presentation on how milk gets to us.

The 5 tiny chicks the class has watched being incubated and born was a great hit of the parents, grandparents and friends attending the Back to School Night. The incubator now contains duck eggs.

The upper grade class room, 4th through 8th grade, set up six different displays, two of which had slide presentations. The displays were of The USS Arizona, The Wrights First Flight; Catapults; Abigail Adams, display and slides; Hair Styles, display and slides; and Life in the Middle Ages. Part of the studying and planning for this presentation was hosting a lunch for the students at Trinity Center School. The menu, cooked by the Coffee Creek Students, consisted of stew, fresh baked rolls, cranberry grape juice and cake.

The projects, displays and presentations were a direct hit and enthusiastically enjoyed by all who were able to attend the Back to School Night. It was very apparent the students put a lot of research and study time, and completely knew their subject.
