TC VOLUNTEER FIRE DEPARTMENT BBQ: Come and celebrate Flag Day with us at the IOOF Hall Saturday, June 14 from 5:00 to 8:00 pm, and help your fire department out at the same time. Many of you have already enjoyed past years "4th of July BBQ's. This is it moved to a different location and different time, and has become "The Flag Day TCVFD BBQ". This year the menu will have BBQ Chicken and Tri-Tip, salad, beans and garlic bread. The ladies from the CCFVD will be there selling their delicious home made desserts. Tickets will be sold at the site

FLAG DAY: Research tells us that, "On June 14, 1777, the Continental Congress, seeking to promote national pride and unity, adopted the national flag." Congress resolved: that the flag of the United States be thirteen stripes, alternate red and white and 13 stars, white on a blue background. The American flag represents our independence and unity ... "One nation, under God, indivisible"... It has a proud and glorious history, and many people have died protecting it.

TRINITY COUNTY RABIES CLINIC: Saturday, June 14, (the same day as the BBQ) Dr. Weiner, DVM will be in Trinity Center at the empty lot by the Fire Department from 2:00 – 3:00 to vaccinate our 4 legged kids for Rabies. The cost of the vaccination is \$6:00. Checks should be payable to Dr. Weiner. DOGS MUST BE ON A LEASH. Cats are welcome.

TC ELEMENTARY SCHOOL PLAY: One of the most enjoyable evenings I have spent since last years TC Schools play was the past week watching "Broadway". The clever format was for each of the 12 cast members to audition for a specific Broadway play, such as Sound of Music, Oklahoma, Funny Girl, etc. Mary Hanson's love and patience for all these students shows through all of the productions she has directed. Her husband, Bob, is very supportive of Mary's many hours of planning, producing, and directing. As a matter of fact he is a very active participant in putting all the pieces together, whether it is setting stage lights or videoing the plays. In this play he cleverly made a video of each of the cast members as they were "auditioning" for their play. You never saw Bob, but the camera never left the actress and actor's face as he asked them questions about why they were auditioning for a particular play. The student's replies were totally adlibbed, and their imagination was wild and wonderful. I wish I had space to describe each of the cast members and how wonderful they were, and how great the adults were that worked on the costuming and sets. But maybe that is a good thing, as I am sure I would leave someone out. Mary will be losing 6 of her very talented actors this year as they graduate into high school.

TOWN HALL MEETING with Supervisor, Judy Pflueger was very informative and judging from the questions from the audience, very well received. She let us have a view of her first year in office, the reason why she ran in the first place, (County Budget woes) and what her top priorities are now. (Still the County Budget and how it affects all of us) She also talked about how the hospital is doing and an update on the airport fencing. It was very apparent Supervisor Pflueger is working very hard for all of us. She is an active member of the Trinity Center Trail Committee, and is working very hard at making the trail a reality. Thanks Judy for all you do.

TRINITY CENTER LIBRARY, located next to the Scott Museum, is starting up a summer reading program. Prizes will be awarded for the most books read.
