

NORTH 40

Lynn Hartley (lhartley@tds.net)

Those very industrious Coffee Creek Fireflies will hold one of their famous Pancake Breakfasts on July 5, Sunday at the CC Fire Hall from 9 am to 12:30 PM. Breakfast is \$10.00 for adults and \$5.00 for children under 8. An easy way to provide for your holiday weekend guests.

The 34th annual North Lake Lions Club Installation and Awards Banquet was held Thursday, June 25, with Brian Bogdanich, past interim president and president-elect presiding. Lions were each asked to name a different club service project. It was amazing that almost every Lion in the room could think of something different. That would be about 25 separate projects offered to the community and they tell me the list was not complete. These folks are dedicated volunteers! Ken Rieke was selected Lion of the Year in recognition of his outstanding service to the community. Congratulations, Ken! Many others received awards and recognition.

Is cleaning the garage, the basement and the closet on your list of summer activities? Good! We have a perfect solution for all your useful castoffs. The Second Bi-Annual TCVFD Auxiliary Yard Sale will be held the Saturday of Labor Day weekend, September 5. Robin Reilly and her crew will be collecting the community's items from now until the sale. She has a truck and will be glad to set pick up times for people that would like to have her stop by. Or...you can call her and she'll meet you at the storage facility, the Koby's Office/Garage on Mary Ave., next to the Post Office. Please call her at home (266 3302) and leave a message (or call her cell -227 1725). Your help will be a big boon to our wonderful fire department.

The Coffee Creek Community is very excited to welcome back Bill and Lisa Loucks who have been living in Susanville the past four years, Bill returns to Coffee Creek School as the upper grade teacher where he was much beloved. Lisa says she has retired from dog grooming and has just been hired by Trinity Hospital as an LVN. They added much to the community when they lived here before; Bill started the local Trinity Center-Coffee Creek Little League team and served as an EMT. They will add much again. Already Bill has preached three sermons at Coffee Creek Community Church and Lisa provided solo spiritual music. Welcome home, Bill and Lisa!

Don't forget to take your summer guests up to Alpen Cellars Winery. The drive is picturesque and the wine tasting is a treat! I enjoy their wines and like to give them as gifts.

Local youth are engaged in enriching summer activities. Leeanna and Samantha Dunham begin a six week program, Trio Upward Bound, at Humboldt State University where they will take college courses. Leah Groves will be a staffer at 4H camp. Six kids will be attending Kidder Creek Christian Camp. Several teens are working throughout the communities at Jaktri, the Mini Kat, the KOA and assisting some of us oldsters with yard projects.
