Hi Ms. Gant -- thanks very much for getting in touch; I appreciate your weighing in. If you're interested in having your comments included in the congressional hearing record on the bill, I'd recommend sending a signed PDF copy to the Natural Resources committee staff. The Republican majority staff can be reached at (202) 225-2761 and the Democratic staff is at (202) 225-6065. They could tell you how to address the letter to get it into the public record. Thanks again!
Ben
